

modbar espresso (ep)

Make an instant design statement without sacrificing performance and control.

Available Configurations: EP

Available Number of Groups: 1

The mod and tap work together to give you complete control over bar design and espresso extraction. We've worked with baristas, cafe owners, roasters and machine technicians to design state-of-the-art gear that transforms the customer experience.

Programmable Pressure Profiling

manual and automatic modes

volumetric dosing

3-zone pid temperature control

2 progressive boilers

automatic rinse and cleaning programs

control over brewing temp and pressure

heads-up display

heated brew group

chromed tap

La Marzocco portafilters

custom handle finishes walnut (standard) or maple

Specifications

	Tap	Mod
